

April 18<sup>th</sup>, 2022

**To: ITW Buildex, Red Head, and Ramset Customers**

**Subject: June 2022 Price Changes**

ITW Commercial Construction North America (CCNA) is proud to continue bringing you high performance construction products to suit your customer's needs. CCNA also takes pride in its domestic manufacturing capabilities, as one of the few companies to manufacture and support jobs within the United States.

CCNA works to mitigate and/or absorb cost fluctuations wherever possible. However, based on rapidly rising costs – driven by increases in raw materials, fuel, and freight – we will be implementing a price change, as detailed below:

- On **Monday, June 20<sup>th</sup>, 2022**, a price change will go into effect on Buildex®, Red Head®, Sammys®, and Ramset®-branded products.
- **The price impact varies by product line and for the most part will range from 5% to 9% increase.**
  - **Ramset Powder Loads: Up to 9%**
  - **Red Head Wire Brushes: Up to 9%**
  - **Select Dektite and E-Z Toggle: Up to 9%**
  - **Select Sammys Tools and Anchors: Up to 9%**
  - **All Other Products: Up to 5%**
- An ITW representative should be contacting you shortly with your new price list. If you do not receive a price list by **May 20<sup>th</sup>, 2022**, please email your Customer Service Representative directly and include "Request New Price List" in the subject line.
- Current pricing will be honored thru 12:00 p.m. customer local time on **June 17<sup>th</sup>, 2022**— provided orders are for immediate shipment and quantities are in line with standard demand. Due to our current increased demand, we cannot accept orders in excess of standard demand.

Buildex, Red Head, Sammy's and Ramset products have a history of delivering quality, reliable, and innovative solutions that construction workers, maintenance technicians, engineers, and building owners demand and trust.

ITW CCNA recognizes and sincerely appreciates the value our distribution partners bring in delivering these solutions to those end customers. We look forward to our continued partnership and the opportunity to deliver American Manufactured value to customers together in the future.

Please contact your dedicated representative with any questions regarding this price change.

Thank you for your support,  
ITW Commercial Construction North America
