

April 12th, 2022

To Our Valued Customers:

We are announcing a price increase effective for all shipments on and after May 24th, 2022. This increase is necessary to offset the impact of continuing significant inflation to our business. This increase will apply to all Renegade, Ruco and Rucoat branded products.

New pricing pages will be distributed prior to the increase for each of your respective accounts. We appreciate your continued business and support. Please contact your account sales representative with any questions.

Sincerely,

Todd Durham
