

March 26, 2021

Due to the rising costs of materials and labor, we are implementing a 3% price increase.

This will be the 1st price increase we have had since 2019, and regretfully it cannot be put off any longer.

This new pricing will be effective as of June 1st, 2021.

All orders submitted as of May 31st, 2021 will be honored with your current pricing.
