**RE: PRICE INCREASE ANNOUNCEMENT**

Dear Valued Customers,

The recent tariffs imposed on steel and finished products along with continued cost increases from domestic producers has led GALVPRO to announce a price increase of 10% effective March 31, 2025.

For planning purposes, expect further increases in the near future unless there is an easing of tariffs. We at GALVPRO appreciate your understanding and support and will continue to provide the highest quality products at competitive pricing.

If you have questions, please contact your Sales Representative. New price sheets will be available prior to the effective date of this increase.

Thank you, and as always let us know how we can help bring value to your business.

Jon Whaley
