

March 27, 2026

Dear Valued Customer,

Thank you for selecting Cemex to be one of your suppliers of package products. We look forward to continuing our relationship by providing quality products and services.

Effective April 1, Cemex will be implementing a temporary Fuel Service Surcharge of \$0.20 cents per bag on all delivered products.

We hope fuel costs return to prior levels, allowing this surcharge to be short lived and appreciate your support and understanding.

As always, we are available to address any questions that you may have.

Sincerely,
