Interior/Exterior Building Supply Corporate Offices
, LA 70119

Dear Kelly Burke,

Thank you for your continued partnership and support of Valto Engineered Materials.

We are committed to providing high-quality products, reliable service, and consistent value to our customers. As part of that commitment, we continually evaluate our operations and work diligently to mitigate cost increases whenever possible. However, due to the continued escalation of aluminum raw material costs, we must implement a 10% price increase on all Aluminum 10-Foot Moldings.

This price adjustment will be effective for all orders shipping on or after **August 1, 2026**.

Price Change Details

- Product: Aluminum 10-Foot Moldings
- Increase: 10%
- Effective Date: Orders shipping on or after August 1, 2026

This adjustment is necessary to offset rising material costs and ensure our ability to continue providing the product quality, service, and support that our customers expect and deserve.

We value your business and appreciate your understanding as we respond to these market conditions.

If you have any questions regarding this price adjustment, please contact your sales representative or a member of our Customer Service team.

Thank you for your continued trust in Valto Engineered Materials. We look forward to serving you for many years to come.

Regards,
