Experience, Above All™

ARMSTRONG TO INCREASE PRICES FOR ALL ARCHITECTURAL SPECIALTIES PRODUCTS

Geographic Coverage: US, Latin America, Canada – Commercial Distributors and Contractors

LANCASTER, PA – Effective Monday, November 2, 2026, Armstrong will implement a 5% price increase on all Architectural Specialties products, including trim and accessories.

This price increase reflects continued cost pressures, including higher freight, energy, and raw materials.

For longer-term quotes, we recommend incorporating the following additional increases:

- An additional 7% increase for quotes issued on or after February 1, 2027; and
- A further 7% increase for quotes issued on or after August 2, 2027

This Pricing Bulletin and the guidance above are based on currently available information and market conditions. Consistent with past practice, we will provide updated pricing information through list prices, bulletins or other notifications, as appropriate, as additional information becomes available. As always, you remain free to quote, price and contract at the prices you determine in your discretion.

Thank you for your business.

Mike Winters
