Price Increase Announcement: Effective January 1, 2027

Dear Holly,

We appreciate your continued partnership and the trust you place in us as your cement supplier. We remain committed to being a reliable and responsible supplier and to providing the quality, service, and consistency you depend on.

As we plan for 2027, we continue to experience increased costs associated with labor, materials, transportation, and the ongoing investment required to maintain and strengthen our plants and terminals. To support the long-term reliability of our operations and service to our customers, we are announcing the following price adjustment for our East Region markets.

Effective January 1, 2027, pricing for Cement Products in the East Region will increase as follows:

- **Bulk Portland Cement: $12.00 per ton**
- **Packaged Gray Portland Cement: $0.50 per bag**
- **Packaged Masonry and Colored Cement: $0.45 per bag**

This adjustment applies to the following East Region shipping locations:

Roberta, AL	Curtis Bay, MD	Harleyville, SC
Newberry, FL	Frederick, MD	Knoxville, TN
Tampa, FL	Charlotte, NC	Ashland, VA
Atlanta, GA	Durham, NC	Chesapeake, VA
Cordele, GA	Fayetteville, NC	Newport News, VA
Newnan, GA	Statesville, NC	Martinsburg, WV
Savannah, GA	Wilmington, NC	Massillon, OH
Leetsdale, PA		

We will continue to communicate pricing adjustments proactively and work closely with you as we move into 2027. Delivered prices may be adjusted at the time of shipment in connection with changes in freight rates, taxes, environmental charges, fuel costs, or other applicable charges. All sales are subject to the Company's Standard Terms and Conditions.

We value your business and look forward to continuing to serve your cement needs. If you have any questions or require additional information, please contact your local Quikrete Cement representative.

Sincerely,

Katie Nelson

Katie Nelson
Vice President, East Region Cement
