

# CRANE Composites

6/30/2022

Interior/Exterior Building Supply Corporate Offices  
727 S Cortez St  
New Orleans, LA 70119

Crane Composites' prioritizes delivering your company an uninterrupted flow of quality products, while working diligently to minimize the impact of the current inflationary environment.

However, due to continued escalation in key material and other costs we are implementing a further adjustment to price. As a result, we will be increasing prices by 5% on all FRP panels and coils effective with orders shipped on or after August 1, 2022. Prices for Adhesives, Moldings, Sanigrad, and Kemply will not change at this time.

We appreciate your support and thank you for your business. We will continue to monitor this situation closely and provide you periodic updates as to pricing direction. If you have any questions, please contact your District Sales Manager.

Sincerely,

Matthew Shields  
**Vice President of Building Products**
