Re: Price increase notification

To our valued Partners,

First and foremost, thank you in advance for partnering with Tamco. Regretfully, but not without cause, we are announcing an additional price increase for July 12th 2021.

The price increase will take effect July 12th with respect to the current market conditions the increase will be regardless of order entry date as lead times vary by products. Due to the overall volatility of building products and raw material and all that is associated with manufacturing such as cardboard, lumber, fasteners, etc. a definitive % is not possible at this time, however you should allow for a minimum of 20 plus percent.

We ask that the information be passed along as soon as possible and that all are aware of current events as it pertains to building products.

As always, we sincerely appreciate your business, and remain committed to providing the best possible level of service and keeping you informed with current market conditions. Should you have any questions please feel free to contact me.

Sincerely,

Brian "BK" Kocsis
