Re: August Price Increase REVISION – Now 15% Effective August 1, 2021,
 Plus 10% Escalators for 9/1/21 and 10/1/21

Steel deliveries are running way behind, and the mills have limited new orders for steel. We are taking measures to meet all of our obligations.

We must revise our August 1 price increase to 15%. All job quotes will include an August escalator reflecting this increase, now 15%, plus additional escalators in September and October amounting to 10% each.

Marino\WARE will honor all quotations activated in accordance with the “Quote Policy,” which went into effect on January 21, 2019, and can be found on our website, www.marinoware.com.

Please anticipate longer lead times in light of strong demand and limited supply. We urge you to review any open job commitments with your customers and your Marino\WARE sales representative to ensure that the proper timeline and footages by product are established.

Thank you for your continued support!

Marino\WARE
